1. The Executive Committee will meet at 10:00 a.m. on Thursday, 15 April, in the DCI Conference Room for Phase II of this year's long-range planning exercise. Your Interdirectorate Planning Group representatives have been briefed so that they can assist you in preparing for this session.

2. The attached papers on long-range intelligence needs, prepared by DDI-led Agency-wide teams, will serve as the basis for discussion. [redacted] DDI/CRES, will highlight them, pointing out the implications for intelligence management. You will be asked for your assessment of the papers and your views on the relative priorities the Agency should place on addressing these intelligence needs. This will facilitate developing the necessary guidance for our Phase III planning on required collection, processing, and analytical capabilities.
